

## I WANT TO BE A FRIEND DUET LYRICS

**Prince Piper** : I want to be a friend with you

**Princess Pandora** : I want to be your friend too

We could be so warm and close tonight

**Prince Piper** : close tonight

**Princess Pandora** : I want to be a friend with you

**Prince Piper** : We could be best friends too

**Princess Pandora** : We could be honest and open just right

**Princess Pandora** : If I could fly in my life I wouldn't need to be a pretty butterfly

**Prince Piper** : If I could wish just one wish it would be to have a family and friends like you by my side

**Together** : friends and family all that we are meant to be to live our lives meaningfully.

A *butterfly* family, is so superficial, artificial, they don't love you like your family

**Prince Piper** : And I do

**Princess Pandora** : If I could fly in my life I wouldn't need to be a pretty butterfly

If I could wish just one wish it would be to have a family and friends like you by my side

**Prince Piper** : If we could be just one way it would be the way we are today being me and no other way

**Princess Pandora** : To be the way I am today being me With loving friends like you and family

I wouldn't need to be a pretty butterfly

**Prince Piper** : I would be a friend to YOU

**Princess Pandora** : If we could fly in our LIVES

**Prince Piper** : I would be your best friend TOO

**Princess Pandora** : If we could FLY

**Together** : We wouldn't need to be PRETTY BUTTERFLIES
