

NO-ONE UNDERSTANDS ME

No-one understands me
No, not in this place
No-one understands me
They call me a disgrace

No-one knows what I want
No-one knows where I come from

No-one understands me
No, not in the least
No-one understands me
They call me a freak!

No-one knows who I am
No-one seems to understand

I'm from butterfly land
Where they all understand me
I'm from butterfly land
Here, they'll never understand me

No, I'll never be free
Why can't I be me?
