

Pretty Butterfly

I'm a pretty butterfly
Pink and blue, purple green and white
Now that I'm a pretty butterfly
Just wait til they all see how high I can fly
I'm a pretty busy butterfly
I'm a pretty busy social butterfly

I'm a pretty butterfly
Do you think they'll like me?
Do you think they'll want to be flying with me?
Pretty butterfly
Do you think they'll like me and want to be
Butterfly friends with me?

I'm happy in my new clothes
My family what do they know
About all us butterflies
And do they even try ?!

And as I sing this song
I know that I belong
With all the other butterflies
Purple pink, green and white

I'm a pretty butterfly
I'm a pretty busy social butterfly

Pretty butterfly
Pretty butterfly

I'm a pretty butterfly
Pink and blue, purple green and white
